

Minutes for the ATD Meeting

May 6, 2013

The Achieving the Dream Core Team met Monday, May 6, 2013, in Room 124 of the Logistics Center.

Ms. Armstrong welcomed everyone and introduced the new dean of academic technology, Troycia Webb, to the Core Team.

The purpose of the meeting was to determine the progress on the Implementation Proposal Plan. In the absence of Lisa De Jesus, the leader for Priority One: Right Start, the group focused on Priority Two: Gateway Courses. Ms. Armstrong reminded everyone that the AtD plan needs to be aligned with our CCG and QEP objectives.

Mendi Warren offered an update of the CCSSE. Student surveys were completed in all classes except for six CRN's. The instructor surveys are due May 15.

There were no committee reports or updates. The next meeting is set for May 20.

Respectfully submitted,

Debra Jones
