

Early Childhood Care and Education – ECCE Basics Sample Technical Certificate of Credit

Credits required for graduation: 9

The pathway to success just got easier with the new Early Childhood Care and Education (ECCE) Basics TCC that has only three Early Childhood Care and Education courses needed for immediate entry into the workforce. Graduates have qualifications to be employed in early care and education settings including childcare centers and homes, Head Start programs, and Georgia Pre-K programs. This program can be completed in as little as seven weeks with our new Success Terms starting August 2019.

Program Purpose: The purpose of the Early Childhood Care and Education Basics Technical Certificate of Credit is to provide the basic knowledge for individuals entering the childcare field with knowledge of providing a safe and healthy environment, detecting and reporting child abuse, disease control measures, basic human growth and development, developmentally appropriate practices, and balancing the daily schedule.
